

PLENARY - Special Commemorative Symposium - Part 1

Wednesday, June 15, 2011

Bay 111 B+C

PL2A - 100 Years of Superconducting Materials, Machines, and Cryogenics - sponsored by ATI Wah Chang and Luvata Waterbury, Inc.

Co-Chairs: Edward W. Collings, Ohio State University & Steve Van Sciver, NHMFL/FSU

Time	Progr#	Title and Authors
11:00	PL2A-01	[Invited] - Superconductivity - Yesterday - Today- Tomorrow P. M. Grant (W2AGZ Technologies)
11:30	PL2A-02	[Invited] - Cryogenics for Superconductors: Refrigeration, Delivery, and Preservation of the Cold V. Ganni (Jefferson Lab) and J. Fesmire (NASA-KSC)
12:00	PL2A-03	[Invited] - How superconductors became practical: A walk through the history and science of flux pinning. H. C. Freyhardt (University of Goettingen)
